Summary

Web developer with passion for building responsive and user friendly websites using HTML, CSS, and PHP. Backend developer. Experience with integrating databases using MySQL. Passion for creating efficient and clean web applications and constantly improving technical skills. Looking for an opportunity to contribute to a development team and grow as a full-stack developer. Also experienced in web application security and penetration testing, with a focus on identifying vulnerabilities in web applications and APIs and applying secure development practices to build more resilient software.

Technical Skills

- **Frontend Development:** React JS, JavaScript, HTML5, CSS3, Responsive Web Design
- **Backend Development:** PHP, .NET, RESTful APIs, API Development
- **Programming Languages**: PHP, JavaScript
- **Databases & Caching:** MySQL, MSSQL
- **Version Control & Development Tools:** Git, GitHub, VS Code
- **Security:** Web Application Security, OWASP Top 10, Penetration Testing, Secure Coding Practices
- **Operating Systems**: Linux, Windows

Work Experience

Freelance Web Developer **2022 - Present**

- Developed custom web applications using PHP and MySQL.
- Designed and maintained relational databases.
- Implemented CRUD operations, authentication systems, and admin dashboards.
- Improved system functionality based on client requirements.
- Tested, debugged, and maintained existing applications.

Projects

Library Management System

- *Developed a web-based library management system to streamline book cataloging, borrowing, returning, and user management.*
- *Implemented core library operations, including book search, availability tracking, borrowing history, and transaction management.*
- *Designed a user-friendly interface and backend system to improve the efficiency of library operations and reduce manual processes.*
- *Integrated database functionality for securely storing and managing books, users, and borrowing records.*

CRMC Online Scholarship Management System

- *Developed a web-based system for managing and organizing scholarship requirements and applicant records.*
- *Implemented database functionality for storing, tracking, and managing scholarship documents and applicant information.*
- *Designed features to streamline the submission, verification, and monitoring of scholarship requirements.*
- *Improved the efficiency of scholarship administration by reducing manual record-keeping and organizing requirements in a centralized system.*

Education

Cebu Roosevelt Memorial Colleges **2020-2026**
Bachelor of Science in Information Technology

Trainings and Certifications

- **Certified Network Security Practitioner (CNSP)**: 2026
- **Certified AppSec Practitioner (CAP)**: 2026
- **Certified AppSec Pentester (CAPen)**: 2026
